

## Quick Guide

The screenshot shows the SimuCase interface. At the top, there is a blue header with the SimuCase logo, a timer at 00:01:35, and buttons for 'Hide Clipboard', 'Getting Started', 'Submit Case', and 'Save & Exit'. Below the header is a navigation bar with icons for Case History, Collaborators, Hypothesis, Assessments, Diagnosis, and Recommendations. The main content area is titled 'Referral Information' and includes a profile picture of a teacher, the text 'Referred By: Teacher', and 'Referred Information: Kara Lynn, a three year-six month old, was referred for assessment by her preschool teacher because of her unintelligible speech. You are the school based speech-language pathologist responsible for completing her evaluation.' A 'Clipboard' menu is open, listing various sections: Referral Information, General Information, Case History, Collaborators, Hypothesis, Assessments, Diagnosis, and Recommendations. To the right, there is a virtual client interaction window showing a 3D model of Kara Lynn and a text input field labeled 'ASK KARA LYNN A QUESTION'. Red boxes and arrows highlight specific features: 1. Case History icon, 2. Clipboard menu, 3. Submit Case and Save & Exit buttons, 4. Submit Case button.

## SimuCase™ Quick Guide

Assess your virtual client using these tools:

1. Work through the **assessment process** in the core areas, in any order. But we recommend starting here:
  - a. **Case History** – interact with the virtual client or caregiver by selecting appropriate questions or asking your own
  - b. **Collaborators** – consult other professionals and family members, ask novel questions and review reports
  - c. **Clinical Hypothesis** – record your hypothesis and action plan
  - d. **Assessments** – administer age-appropriate standardized and non-standardized tests and procedures
  - e. **Diagnosis** – select your diagnoses
  - f. **Recommendations** – write client specific recommendations

**You are scored based on the appropriateness of your decisions.**

2. The **clipboard** saves all of your decisions for review.
3. **Save/Exit** your case to resume at a later time.
4. **Submit** your case upon completion and print your final report.
